

Editing your Screen and Applying your changes

Create a number of changes and edits to your screen, view them on your portals preview, before applying them to your screen all at once. This features also supports multi user workflow, meaning you can see other users changes to the screen in real time before they get applied

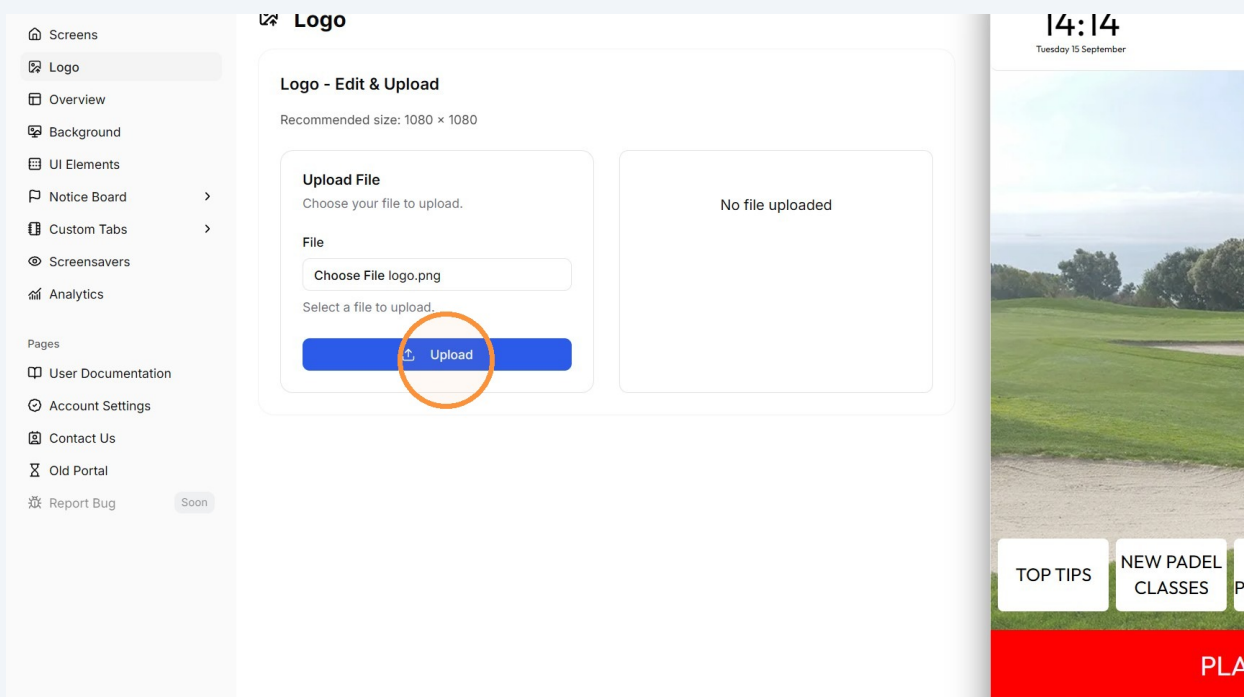

- 1 Click any of the viable tabs in the sidebar. For example here we will edit our "Logo"

2 Click "Choose File" to select a file from your device

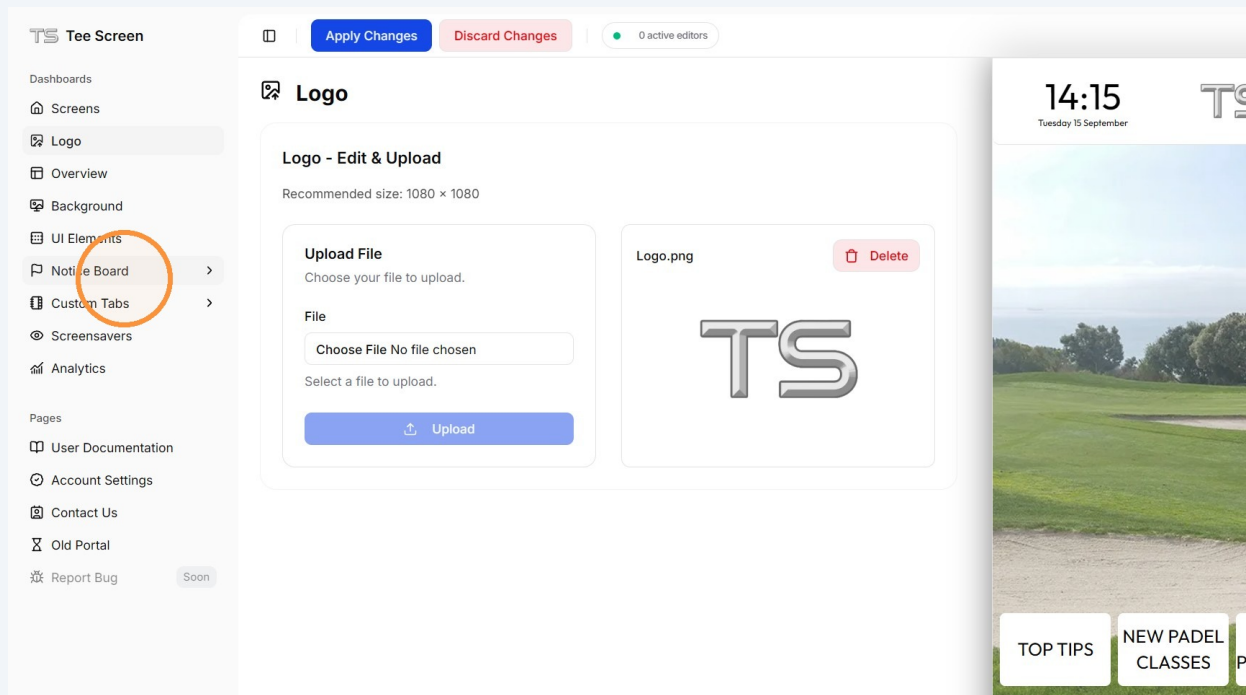

3 If the file is the correct format and passes our initial checks you can then select "Upload" to upload your file to the portal

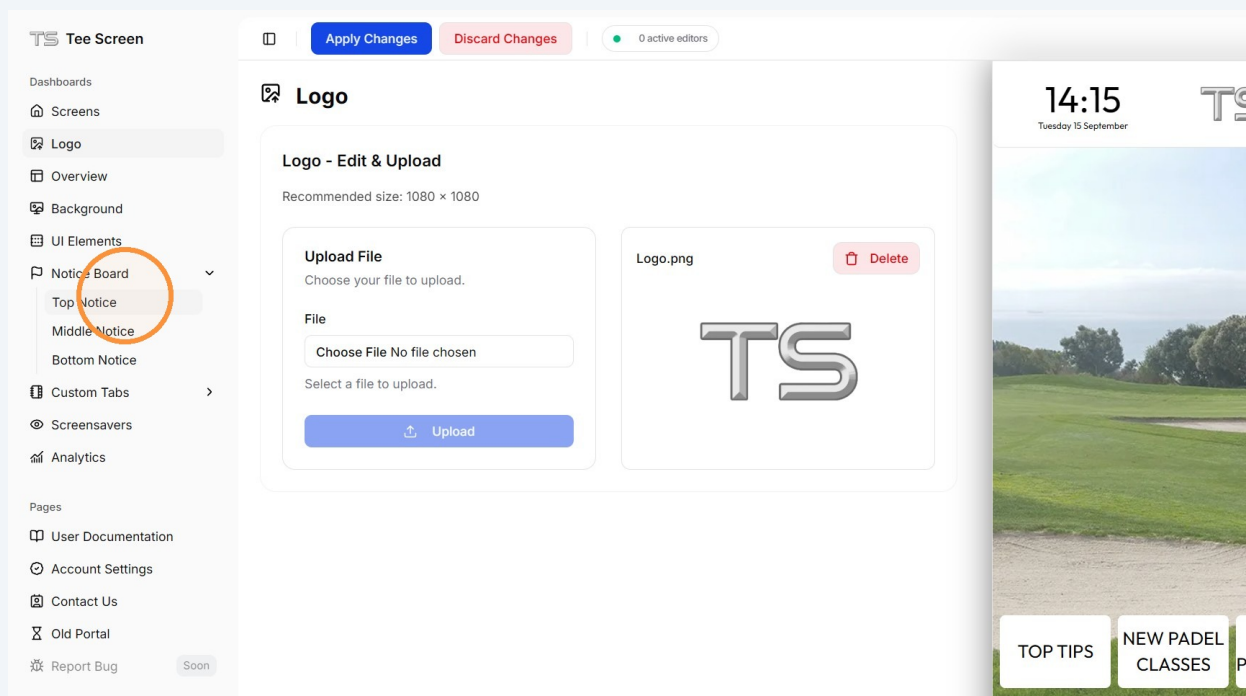

4

Your file will be displayed on the page, as will as on the portal preview on the right. Now we will make changes to the Notice Board

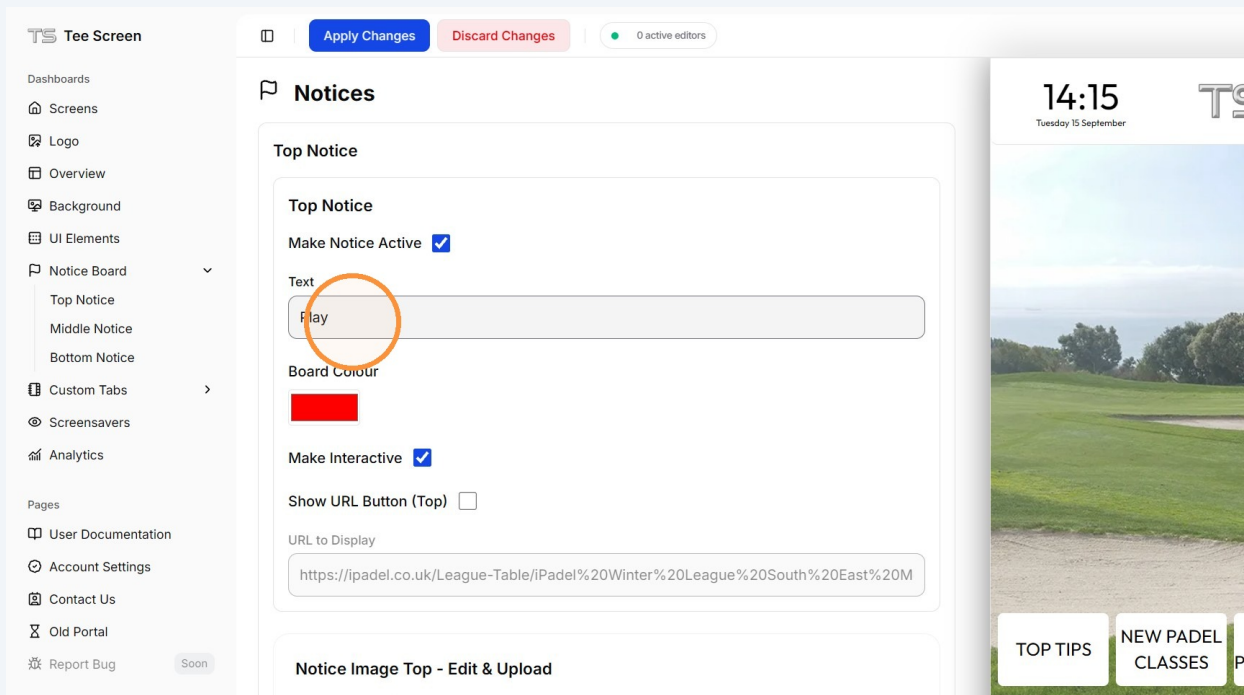

5

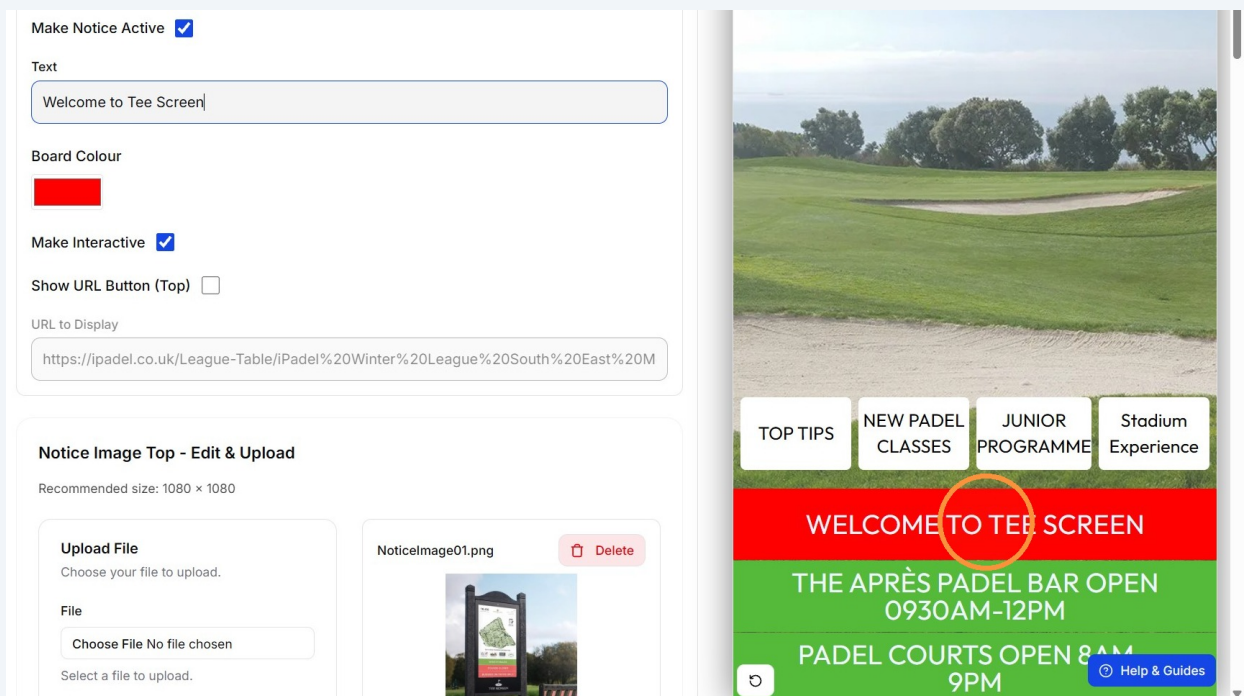

Click "Top Notice"

6 Click the "Text" and begin typing

7 View your changes on the preview in real time, as well as preview other features such as interactive notices and custom tabs

The screenshot shows the TS Tee Screen editor interface. On the left, the 'Notices' section is expanded, showing the 'Top Notice' configuration. The 'Make Notice Active' checkbox is checked. The 'Text' field contains 'Welcome to Tee Screen'. The 'Board Colour' is set to red. The 'Make Interactive' checkbox is checked. The 'Show URL Button (Top)' checkbox is unchecked. The 'URL to Display' field contains the URL: <https://ipadel.co.uk/League-Table/iPadel%20Winter%20League%20South%20East%20M>. Below the configuration fields is a button labeled 'Notice Image Top - Edit & Upload'.

On the right, a preview of the TS Tee Screen is shown. The screen displays the time '14:15' and the date 'Tuesday 15 September'. The temperature is '19°C' and the wind speed is '6.35 mph broken clouds'. The main image shows a golf course with a sign that reads '16:00', 'WINTER RULES', 'COURSE CLOSED', 'SUGGESTIONS ON PATHS ONLY', and 'TEE SCREEN'. Below the image are four buttons: 'TOP TIPS', 'NEW PADEL CLASSES', 'JUNIOR PROGRAMME', and 'Stadium Experience'. A red 'X' icon is circled in the top right corner of the preview.

The 'Apply Changes' button is highlighted with an orange circle in the top left corner of the editor interface.

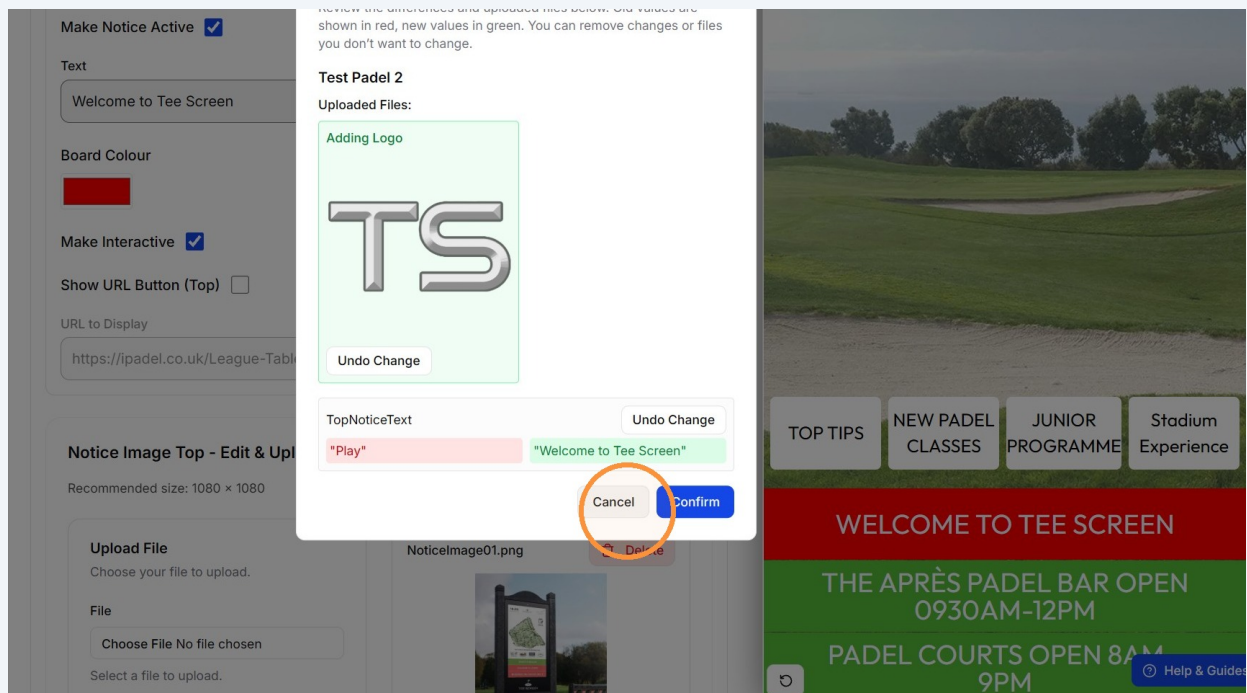

10

Click "Preview Changes" if you wish to see what has been changed before applying it. This will display all changes, from all users, that have not yet been applied

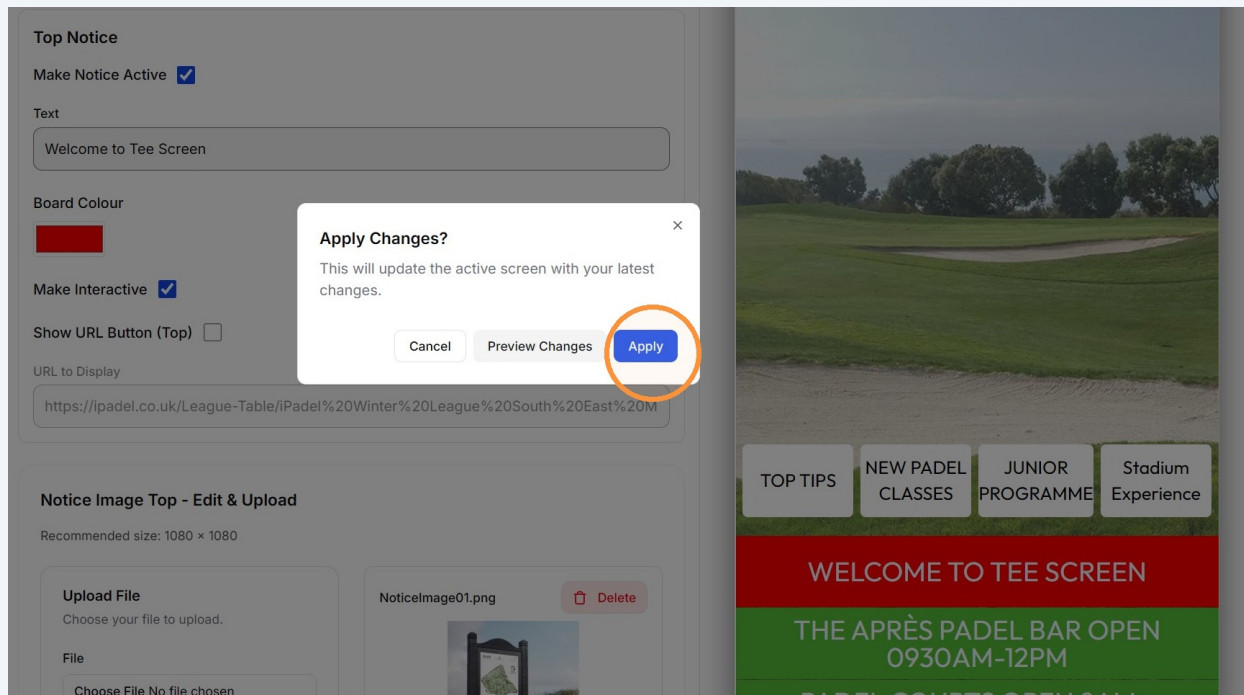

11

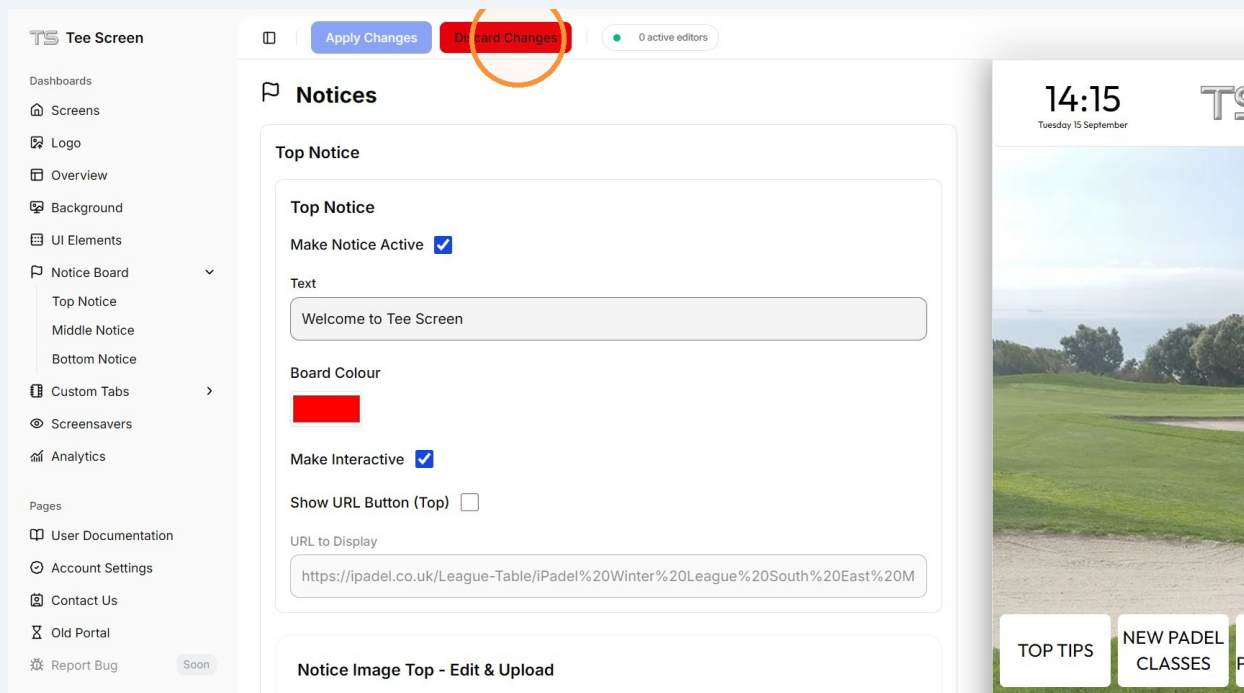

Here you can see the added image files as well as other changes and choose to undo changes. This undo will just mean that these changes won't be applied to your screen should you hit confirm

12 Alternatively just hit "Apply" to directly apply your changes without previewing

13 If you wish to reset your screen, click "Discard Changes"

14 Click "Discard", this will revert all changes that have been made
